My college is a best college in the world

I would like to suggest that college should organise competitive examination guidance program so that students can go through it and can get an opportunity another one thing is that students should be involved into every program of college and college should organise programs that can help students to shape their personality.

School staff do not provide proper information. They take a lot of money. Similarly, when there is some work and when they call, they turn off the phone without saying anything but giving reasons.
